YOU WILL DISPOSE OF YOUR OWN DEAD FISH!

### SPECIAL INSTRUCTIONS – CLASSIC AND ROCKY FORK

1. OK guys we are getting close to the classic and I will need to know who is coming to the last event at Indian Lake. As far as our classic we have lots of money and everything seems a go! I am going to talk to the hotel in the next week about security among other things. I will update the website as well. I also want to discuss our classic waters. It can be challenging where we are going believe it or not me and Steve know very little about this fishery. I will do my best to decide where we may fish in adverse weather during the classic. Please prepare your boats, know phone numbers for towing purposes and we recommend getting US Tow. I am not trying to scare anyone I am trying to prepare you for great lakes fishing. Please understand this is the big water and it needs to be respected! We will be going to a world class fishery for our fish-off so prepare yourself and your equipment. This will be weight shattering for sure compared to past classics. I know the great lakes are not everyone's cup of tea but this should be something special. I look forward to going and hope all of you do as well. Please give us a heads up if you have not paid yet for the classic if you plan on attending.

Thanks, Jami
