OMBTT DEPOSITS DUE

Remember deposits are due 02/01 for the 2016 OMBTT season. For those waiting on tax refunds please contact me at 614-496-5212 and we will hold your spot. I have been seeing teams of old returning and new ones signing up as well. We are also seeing brisk activity on the website and Facebook page. I think this is going to be a great year and with Lake Erie on the schedule and the classic earlier this year I am expecting some great catches. Last years classic was so pleasurable with low winds and much warmer conditions.

NEW KMTT TRAIL SPARKS INTEREST.

Knox Marine Tournament Trail (KMTT) is a 100.00 entry trail with almost all entry's being paid back at each event. No classic and you may fish one or all of the events. Go to the website at www.ombtt.com under the KMTT option on the navigation bar for more info. The AOY can take 600.00 cash or fish 2017 for free or have their Entry/Classic Fund/and BB paid for OMBTT classic 10/20-21 at KY Lake.

OMBTT FISH CARE!!!!!!!

(Old Photo) Dirk Davenport/Ron Nutter 2015 OMBTT Points Champions

How to fish OMBTT for 1/2 off the 6 qualifying events.

Once again Knox Marine and Krieger Ford are offering one heck of an incentive to buy from them. Buy a new vehicle from Krieger or a new 17ft or larger Ranger boat from Knox and get 600.00 off your entry fee's. Offer applies to 1/2 off KMTT from Knox as well.

Davenport/Nutter win points.

It was a shootout at the last event with a few teams fighting it out in some tough conditions to clinch the title. Angler Of The Year is quite the accomplishment at OMBTT. Our competition is as stiff as it gets in Ohio. I honestly believe that fishing with these guys pushes you to be a better angler. I am also amazed at how well everyone gets along in the circuit. All my members make it a great experience for me to be your tournament director.

What do you get for AOY?

At OMBTT the AOY gets to fish the next year for almost free. All 6 of your events are free except for the side pots and Membership. We also pay the classic entry. That is a 1,400.00 value!!!!!!

VENOM LURES ON FOR 2016

Venom is back in a big way for 2016. Check out some of the new tackle and weigh in bags. They have come out with a new weigh in friendly durable bag for all of you anglers. It is compliant with our rules so you may use it at all Events.

2015 OMBTT CLASSIC KY LAKE.

This year numbers for the classic were down for many reasons. Mostly due to the choice of lakes because of the Buckeye Lake closing. Frankly I picked poorly. We ask the anglers in 2015 to give us some guidance on what lakes they would like added for 2016 and for 2017. The results were Lake Erie leading followed by a close second Rocky Fork. We have made the changes and will be going to Lake Erie in 2016 and I will take us to Rocky Fork in 2017 as long as we can get a permit for April or May. Also it was overwhelming the response on moving the classic up into October. We have been plagued by bad weather and brutal winds for some time now. I am happy to say the this last years classic was calm and warm. Another concern was the amount of teams to be paid at the classic. Most everyone wanted to stick with paying 15 spots. It just goes to show OMBTT may be a little slow to react but we listen to our members. Also a big thanks to Krieger Ford, Knox Marine and K&D Auto glass for paying for the free buffet at Moors Resort on Kentucky Lake. Me and all of my members appreciate you very much.

Englefield Oil and K&D Auto-Glass back as major sponsors.

I am so lucky to have companies like these that believe in OMBTT. Englefield Oil has been with us for such a long time and K&D Auto Glass are now on their second year. These are two top notch companies that excel in customer satisfaction. Englefield Oil & K&D Auto Glass helped us in the purchase and maintenance of our top notch fish care and weigh in equipment, sound system, and much more.

EVINRUDE IN FOR 2016.

BRP/EVINRUDE OUTBOARDS will be back as a major sponsor in 2016. We will be offering free demo rides in the 2016 Ranger with the best engine I have ever operated. The new G2 is absolutely incredible.
